

### Key vocabulary

Local area	Nearby
Resort	A popular place for holidays
Tourist	Someone who travels or visits places for pleasure
Feature	An interesting place or important part.
Physical feature	A feature that has been formed by nature
Human feature	A feature that has built or changed by humans.
Pier	A structure that has been built out into the water for people to walk on.
Promenade	A public place for walking for pleasure.
bay	Part of the coast where the land curves in and is surrounded by the sea on three sides.
Beaches	A strip of land that borders an ocean, river or lake.
Rock pools	Small pools of seawater that form along the coastline. These sometimes are habitats to many sea creatures.
Harbour	A place on the coast, where water meets land, which is sheltered by natural or man-made walls. Harbours have deep water which help to make sure that large ships don't touch the bottom and get stuck.

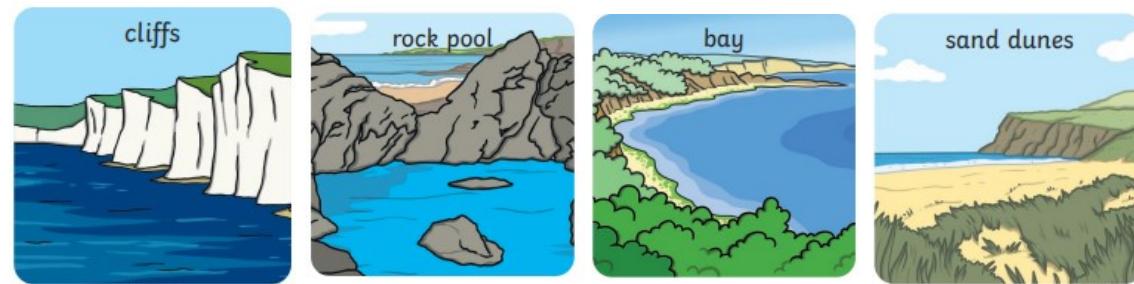

### Physical features of a seaside

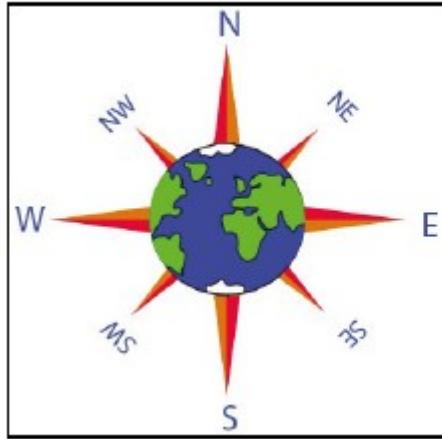

A seaside **resort** has many **physical features**. **Features** such as the beach, the sea, cliffs and caves have been made naturally. This means they were made by nature.

### Human features of a seaside

Human features found at the seaside might include the pier, the promenade, a lighthouse and a fairground. These **features** are all man-made.

This is called a compass.  
It shows you which way you are facing.

**North (N)**

**East (E)**

**South (S)**

**West (W)**
